Lake Arrowhead Property Owners Association

7065 Arrowroot Trail

Gaylord, MI 49735

Dear Mr. Race,

Thank you for the opportunity to service the Lake Arrowhead Property Owners Association propane needs for the upcoming 2022-2023 heating season. As the nation's largest propane provider, we have the resources and vast experience to give you the utmost confidence in AmeriGas Propane.

This letter is to inform you that we have secured enough propane to cover the needs of Lake Arrowhead Property Owners for the upcoming heating season. We have your rate fixed at \$1.99 per gallon with a \$7.00 meter fee until September 23, 2023. This includes any customers who have bulk tanks in your association that the pipeline does not service. There are no delivery fees for these bulk customers as well. Any customers who are in an area where the pipeline services, must be hooked up to the pipeline to take advantage of these prices.

We look forward to the strong alliance we have built with your organization over the years to continue.

Please feel free to contact myself or Dennis if you have any questions.

Sincerely,

Jacob Henski /Dennis Mousseau

Territory Manager/Assistant Territory Manager
